CALL US IMMEDIATELY!!!**

- 1) Always inspect the machine before each use. Do not use if part are missing or broken.
- 2) Wear a hard hat, safety glasses, close-fitting gloves and clothing, and hearing protection.
- 3) Block tires before operating. Use on a firm level surface.
- 4) Make sure there are no obstructions in the intake chute before starting the engine.
- 5) Point the discharge in a safe direction, away from people and buildings.
- 6) Never operate the chipper alone.
- 7) Keep hands and feet out of the intake chute while the chipper is running.
- 8) Feed brush into chipper butt-end first.
- 9) Never smoke or use any type of open flame near the chipper.
- 10) Never stand or walk in front of the discharge chute while the engine is running.

**Understanding the capacities and limitations of the chipper are important for operator safety. If you are in doubt as to the safe operation of this equipment,
CALL US IMMEDIATELY!!!**
