PowerProtect™ 13kW Standby Generator

Compact and versatile power.

With a 43% smaller footprint¹ and exclusive front-facing exhaust, the PowerProtect™ 13kW² generator can be installed in areas where others can't—making it ideal for homes with smaller yards and tight lot lines. The PowerProtect 13kW may be small on size, but it's big on power—having enough starting power to handle larger appliances, like your AC.

Engineered and tested to meet the highest quality standards, Briggs & Stratton® Standby Generators provide reliable backup power in the harshest environments. And it's all backed by the longest and most comprehensive warranty in the industry³ for ultimate peace of mind.

BRIGGS & STRATTON
ENERGY SOLUTIONS

Smallest Footprint in its Class¹

Upright design provides the smallest footprint possible so it's easier to install in tight areas.

Exclusive Front-Facing Exhaust

A safer design that directs exhaust away from your home to enable more installation flexibility, minimize landscape disruption, and protect your home's exterior.

Best-in-Class Starting Power⁴

Small but mighty. Designed to power essential items and start a 5-ton air conditioner.

Best Warranty in the Industry³

Longest and most comprehensive standard warranty with no out of pocket costs. Parts, labor, and travel are all included for a full 7 years. **That's a value of up to \$849!**

EnergyTrak™ Remote Monitoring

Optional EnergyTrak™ monitoring with convenient app to monitor generator status anytime from anywhere. Also lets your dealer remotely monitor your generator and diagnose any issues.

Eco-Cise™ Weekly Test Mode

Our short 16-second weekly test mode ensures your generator is in top operating condition while reducing noise and fuel consumption.

Vanguard® Commercial-Grade Engine

Designed for reliable, continuous performance—from the engine experts at Briggs & Stratton.

**43% SMALLER
FOOTPRINT**

7 YEARS, NO FEARS

Backup Power Backed by the Best Warranty

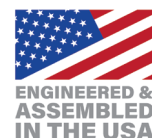

The entire PowerProtect lineup comes with an industry-best 7-year comprehensive warranty. Unlike competitor warranties that reduce coverage over time, you get a full 7 years of coverage on parts, labor, and travel—because we stand behind the quality, reliability, and longevity of our generators.

Warranty Comparison	Mileage	Labor	Parts	Major Components
Briggs & Stratton - 7 years	7 years	7 years	7 years	7 years
Generac® - 5 years	2 years	2 years	3 years	5 years
Kohler® - 5 years	5 years	5 years	5 years	5 years

Expertise and Quality You Can Trust.

With 115+ years of experience providing power solutions, Briggs & Stratton is a brand homeowners trust. Our products are engineered and assembled in the USA and our customers can rely on us for exceptional performance and durability.

Our commitment to delivering the most powerful and reliable home standby generators in the industry ensures that you have the peace of mind you deserve when it comes to safeguarding your home's power supply.

BRIGGS & STRATTON
